Scope of Engagement

I have been hired by Mr. Fulvio Cajina, Attorney at Law who represents the plaintiff Joseph Greer. I have been asked by Mr. Cajina to review the police reports, video, and other evidence and to render opinions and testimony regarding the appropriateness in the levels of force used in the detention and arrest of James Greer on May 23, 2014.

In connection with this request, I have reviewed:

1. All depositions in the case; and
2. All discovery produced by the City of Hayward and BART, including, but not limited to:
 - a. all reports of the incident (including witness and officer statements);
 - b. all videos and photographs of Mr. Greer's arrest;
 - c. all policies and procedures produced by the City of Hayward and BART; and
 - d. the personnel records produced for the officers.
 - e. WRAP training manual
 - f. CA POST Learning Domain #20 Use of Force
 - g. California Penal Code section 835a
 - h. U.S. Supreme Court decision: Graham v Connor

Based upon my review of the materials and my training and experience as a Police Officer at the Federal and Municipal levels for 29 years; my work as an expert

witness on police practices and use of force cases for 21 years; my work as an instructor on the use of force, police practices and laws of arrest for 34 years; I have reached the following opinions and conclusions beyond a reasonable degree of professional certainty. If I am provided with additional evidence or materials, I maintain the right to have additional opinions.

Opinions and Conclusions

Detailed Opinions

1. Police Officers from the City of Hayward ("HPD") and the Bay Area Rapid Transit District ("BART PD") violated their training and standards of practice for police officers in California in their detention of James Greer on May 23, 2014 by, among other things, doing the following:
 - a. Using a ECD (Taser) on a non-assaultive suspect a minimum of three times as he lay prone on the ground and being engaged by multiple officers;
 - b. Using a ECD (Taser) on Mr. Greer simultaneously and without warning as he lay prone on the ground (as to Officer Lewandowski and Lt. Lutzinger) and being engaged by multiple officers;
 - c. Failure of the officers engaged with Mr. Greer to coordinate their efforts or tactically plan the most efficient and reasonable methods to control the minimal and non-assaultive resistance demonstrated by Mr. Greer;
 - d. Failure of Lt. Lutzinger and the officers engaged with Mr. Greer to realize that due to the amount of pressure applied to Mr. Greer's upper torso and Mr. Greer's physical stature it would have been extremely difficult for Mr. Greer to have placed his hands behind his back;
 - e. Attempting to control Mr. Greer by intentionally and forcefully stepping on Mr. Greer's head while Mr. Greer was in a prone position on the pavement and being held down by a minimum of five officers;
 - f. Employing a pressure point stimulation to the vicinity of Mr. Greer's neck with a collapsible baton;
 - g. Applying prolonged and extreme pressure to Mr. Greer's torso while he lay in a prone position, which is a known and taught danger given that it can cause positional asphyxia – especially given Mr. Greer's body size, weight, level of exertion and apparent problems with his abdomen;
 - h. Failing to recognize and properly react to signs of Mr. Greer's labored breathing as he lay prone on the ground;

- i. Applying the WRAP device on Mr. Greer, who was handcuffed and did not appear to be combative, assaultive, threatening or attempting to escape;
- j. Applying the WRAP without adhering to the requirements of HPD Policy 306 subsection 4 to constantly monitor Mr. Greer's breathing and/or vital signs and other symptoms of respiratory or cardiac distress.
- k. Applying the WRAP device on Mr. Greer after he is seen to be unconscious and appeared to be in medical distress;
- l. Failing to render medical aid immediately when Mr. Greer was in apparent medical distress;
- m. Delaying and/or hindering the ability of EMS personnel to provide aid to Mr. Greer by applying the WRAP device on the decedent after he no longer posed a threat;
- n. Failing to have a clear command structure or delineation of duties on the night of the event despite the fact that a lieutenant was on the scene;
- o. Failing to take reasonable steps to de-escalate the situation before having it become a physical altercation; and
- p. Failing to properly investigate, implement any changes, and/or discipline any officers in connection with the events of May 23, 2014.

To date I have been paid \$5624.00 for my work on this case.

Signed: Barry V. Brodd
